

LISA MEANS

Cosmetic and Reconstructive Surgery

Todd Pollock, M.D.

North Dallas Plastic Surgery

Dr. Todd Pollock is a partner in the respected cosmetic and reconstructive practice, North Dallas Plastic Surgery Associates. In practice with his father, Dr. Harlan Pollock, they are considered a trusted resource for quality cosmetic surgery. While Dr. Pollock's practice encompasses the broad field of cosmetic surgery to include breast enhancement, body contouring, and facial rejuvenation, he is internationally acclaimed for his no-drain abdominoplasty (tummy tuck) technique with progressive tension sutures, which he and his father pioneered. The no-drain procedure allows patients to return to normal activity faster, more comfortably and with less risk of complications. Dr. Pollock is board certified by the American Board of Plastic Surgery. He is a member of the American Society of Plastic Surgery and the American Society of Aesthetic Plastic Surgeons. He is a past president of the Dallas Society of Plastic Surgeons and current president of the Presbyterian Hospital of Allen medical staff.
